We are
WACO

- ☐ We use solid weight or water bags to conduct compliant performance tests to overhead and gantry cranes.
- ☐ A thorough examination will be performed by our Lifting Machinery Inspectors prior to any tests being conducted to ensure safety of the machine being tested.
- ☐ Our Inspectors have experience in the building, erecting and maintenance of overhead cranes and can advise you of any defects following the performance tests.
- Our electronic inspection systems make for easy and efficient inspection and the issuing of performance test certificates.

SkyJacks is registered with the Department of Employment and Labour as a Lifting Machinery Entity (LME) covering more than 14 equipment categories including:
